ABOUT

I am a 2nd year software engineering student at Istanbul Aydın University. I am also a 42 Istanbul student. I am improving my algorithm and coding in Ecole 42. I am currently interested in web development.I have been dealing with software for over a year. I am interested in improving myself in C, Java, C++, C# languages and Unity game engine.

EXPERIENCE

2023   **TEKNOFEST**
We combined the field of psychology and technology and digitized the play therapy method used for the therapy of children.
